This 90-minute training will introduce participants to the BEECN system. Learn where BEECNs are located, how they are set up, how to connect with other volunteers, and deploy BEECNs in the case of a large earthquake that takes down phone lines. We'll review supplies in BEECN caches, learn how volunteers and the City's Emergency Coordination Center play a role during disasters and we'll check out the Portland Bureau of Emergency Management's website. Participants will also learn how to sign up to become a BEECN volunteer. We recently housed a BEECN cache here in Bridlemile, so we need trained volunteers.

Join thousands of students around the country and the world by walking, biking or rolling to school on October 10th. Portland's Street Trust is our number one advocate for safe routes to school and promotes walk and bike to school events in the city. Street Trust challenges you and your student to make time to walk or roll to school and to discuss pedestrian safety and the benefits of getting outside. Stick

Thank you in advance for participating! With the help of parents like you across the country, the Crayola ColorCycle program can keep tons of plastic out of landfills each year. Contact Olivia Bass at livijeanne@gmail.com with questions.

The Bridlemile Foundation has set a goal this year to increase our number of participating families in the Circle of Giving - we hope you'll join us. Last year, we had 43 donors commit to making a monthly donation to Bridlemile.

There is a suggested monthly donation of \$40 but ANY amount is appreciated and will make an impact. Most importantly, this 100% tax deductible donation will help us meet our commitment of raising \$190,000 to fund the special programs we support like PE, technology, library and more. To join, simply visit <https://www.bridlemileschool.com/foundation-donation-page>.

Thank you!
