What new services we are providing

Security:

None at this time

Transportation:

Student Transportation will be providing additional bus routes to support the two new middle schools opening in 2018-2019 (\$700K)

Student Transportation will be providing additional bus route to support the ACCESS program to the yet to be named location for 2018-2019 (Unknown cost impact at this time)

What services we are no longer providing

Security:

Limited field supervision for the 27 Campus Security Agents (Reduction in a previous budget cycle)
(Campus Security Supervisor)

The proposed budget contains an add for \$250K to cover contracted security. This will only allow us to maintain our current service level

Will not be able to add additional Campus Security staff to high schools

Transportation:

Strategies will need to be developed to mitigate for the loss of our Communications Manager in the budget and for the lack of customer services staff in the department to manage the inbound and outbound communications.
