

Labor Distribution Reports (PeopleSoft HR)

There are currently two versions of the Labor Distribution Report; one by month and one by fiscal year. The “monthly” report does not allow you to specify a particular budget, so it will encompass “all” Functions and Areas within a department for the month. The 12-Month report allows you to select specific parameters to focus on one particular budget (such as Consolidated Budget). It is recommended that you run the 12-Month version so as to obtain only the specific budget or account code desired.

12-Month Consolidated Budget:

Main Menu (top right NavBar) - Click Workforce Administration: Click on Workforce Reports, then Report Name: PPS 12M Labor Dist for Funds. (If the next window asks you to select a Run Control ID, click the “Search” button and select a blue link. If you need to establish a Run Control ID, click the “Add a New Value” tab and assign a name. Remember, only one run control is needed for all reports).
