RESOLUTION No. 5390

Open Enrollment Transfers for 2017-18 School Year

RECITALS

- A. In June 2011, the Oregon Legislature approved House Bill 3681, which offered a new option for enrolling students from other districts, commonly referred to as "Open Enrollment". The new option allows a district to accept non-resident students without consent of their resident district. It requires:
- x A spring timeframe for announcing space, accepting applicants, running a lottery (if more applicants than space) and providing results,
  - x Approval through 12<sup>th</sup> grade, without the need for annual renewal, that cannot be revoked by the non-resident or resident district,
  - x Resident applicants must be accepted before non-resident applicants,
  - x No weighting, preference or denial can be given based on student demographics, including race, gender and family income level, or special program status, including disability, English language proficiency or athletic ability.
- B. By March 1, 2017, the School Board must determine whether PPS will participate in the "Open Enrollment" option for the 2017-18 school year. If the district chooses to participate, PPS must also announce the spaces available by school on that date.
- C. Approximately 500 PPS resident students have transferred to other districts through open

RESOLUTION No. 5391

Minutes

The following minutes are offered for adoption:
