Field Trips, Foreign Travel, and Other Off-Campus Activities

The District believes in the value of experiences outside the classroom and endeavors to make these opportunities available to all. As in all other aspects of school life, PPS is committed to both the access to and the inclusivity of off-campus activities. In planning and authorizing off-campus activities, primary consideration shall be given to the educational outcomes derived, the safety and welfare of students involved, District expectations of conduct and behavior on the part of all participants, and the selection of appropriate adult supervision in accordance with Board Policy [5.10.064-P Professional Conduct between Adults and Students](#).

I. District-Sponsored Activities

Special activities outside the classroom are an important part of an educational experience. Students shall be allowed to participate in carefully planned learning experiences or co-curricular activities, which fall outside the normal school program, school day, and/or are off-campus when they serve a legitimate educational purpose. Off-campus activities should promote and not compromise the integrity and purpose of the District's educational programs. Plans for continuity of curriculum must be made for the off-campus activity and likewise for students remaining on campus. This policy applies to all off-campus activities, unless otherwise noted.

- 1) As authorized through this policy and Administrative Directives, the Superintendent's designees may authorize field trips and other extra-curricular activities involving travel off-campus when such activities contribute to educational goals.
- 2) District staff responsible for overseeing extended travel must notify building administrators in advance of the trip so that plans for continuity of curriculum and instruction can be assured for students remaining on campus. Those plans will be communicated to the school community and observed so that no disruption in curriculum or programming will occur for students remaining on campus.

II. Non-School Sponsored Off-Campus Activities Must Clearly Indicate They Are Not Affiliated with the District

The unique professional status of District staff members may at times make it difficult for students and families to distinguish between school-sponsored off-campus activities from non-school privately sponsored off-campus activities. While working as PPS staff and/or representing PPS, District staff may not develop, plan, and/or supervise off-campus activities represented as "school, class, club, etc." other than what has been approved under this policy and the implementing administrative directives. In addition, District staff or other persons may not use District email, social media, hardcopy distribution to students, or other methods of District-controlled distribution that are not open to the general public to communicate to District students or families about private, non-school sponsored off-campus activities, without the pre-approval of the school building administrator and in adherence with PPS Disclaimer Requirement (11.1.a)
