All music stands purchased for Portland Public School music programs should be Manhasset brand, model number 48.

Please use the following link to reference the music stand to purchase for PPS bond projects, school rebuilds, and school additions. https://www.manhasset-specialty.com/index.cfm?fuseaction=page&table=_products&pageID=1

Manhasset brand specific is important, including the model.

- The majority of stands in this district are this brand and model.
- Model 48 has been around for generations and last 50+ years. Replacement parts have not changed for many years and will most likely stay the same in the future.
- Available for purchase from several different vendors (all local music stores can purchase).
