

This handout contains guidance for Section 504/ADA Coordinators or families seeking to request from an organization operating Child Nutrition Programs through the National School Lunch Program (NSLP), School Breakfast Program (SBP), or Child and Adult Care Food Program (CACFP).

Definitions of are listed on the back of this handout.

### **Requirements:**

Federal regulations require (school districts, child care centers, non-profit or for-profit programs) operating Child Nutrition Programs to make to the standard meal requirements to accommodate participants with . This may include providing food substitutions, exclusions, texture modifications, or meal service accommodations at no extra charge.

and modifications are only required to be accommodated by a Sponsoring Organization when requests are supported by a completed that is signed by a . A written note with the following information can be used in lieu of a Medical Statement:

1. The participant's major life activity or major bodily function affected by the physical or mental impairment restricting the diet
2. An explanation of what needs to be done to accommodate the disability
3. The food(s) to be

## Definitions:

A school district, child care center, non-profit or for-profit organization that elects to operate a federal Child Nutrition Program such as the NSLP, SBP, or CACFP. The Sponsoring Organization is also known as a Sponsor. Sponsors receive reimbursements from the Oregon Department of Education for serving meals meeting the nutritional standards of each individual program.

A request to alter the standard menu served by an organization on a Child Nutrition Program. This can include food substitutions, exclusions, texture modifications, or other alterations to the meal or meal service. Sponsoring Organizations are not allowed to charge additional fees for any meal accommodations.

These are changes in policies, practices, and/or procedures that will accommodate a participant's disabilities or medical needs. Organizations are required to make accommodations on a case-by-case basis in collaboration with parents/guardians or adult participants. Modifications must accommodate the disability, but do not need to be an exact brand or item if alternatives could meet the required modifications.

Changes to the standard menu as a result of medical needs and disabilities. Must be supported with a Medical Statement or written note from a state licensed healthcare professional.

Changes to the standard menu due to a personal preference, including cultural, religious, or lifestyle reasons. Accommodations will be dependent on the policy of the Sponsoring Organization. A Meal Preference Request Form may be required.

Defined by the Americans with Disabilities Act of 2008 as a physical or mental impairment that substantially limits one or more major life activities for an individual, or having a record of such impairment, or being regarded as having such an impairment.

A form to request medical meal accommodations. This form can be requested from your Sponsoring Organization. The form must be signed by a State Licensed Health Care Professional.

A health care professional who is licensed to sign prescriptions in the State of Oregon. It includes the following professions: Medical Doctors (MD), Doctor of Osteopathy (DO), Doctor of Naturopathy (ND), Physician's Assistant (PA), Certified Nurse Practitioner or clinical nurse specialist, Doctor of Dental Medicine (DMD), Doctor of Dental Surgery (DDS), and Doctor of Optometry (OD)

A form to request non-medical accommodations, including requests for Nutritionally Equivalent Milk Substitutes. This form can be requested from your Sponsoring Organization. The form must be signed by a parent/guardian or an adult participant, as applicable.

Non-dairy substitutes with nutritional equivalency to cow's milk as outlined in the National School Lunch Program regulations at 7 CFR 210.10(d)(3).

Participants requiring non-nutritionally equivalent milk substitutes such as almond milk, rice milk, oat milk, or hemp milk for medical reasons will need to submit a completed Medical Statement. If a non-nutritionally equivalent milk substitute is requested for non-medical needs/personal preference, organizations can choose whether to accommodate based on their policy.
